

Scotland Against Spin

The Anti-Wind-Farm Alliance supports the demonstration hosted by

STOP HIGHLAND WINDFARMS CAMPAIGN

Saturday 23rd March 2013

Inverness, SNP Spring Conference

Meet at the Castle 12.00 pm, and then we will march to Eden Court

THIS IS TO BE A PEACEFUL PROTEST FOR THE WHOLE FAMILY

Our aim is to let the SNP know that we have had enough of their industrial turbines, their disregard of the Scottish people and their destruction of our precious scenery.

We need everyone to make **A LOT OF NOISE** so they have to listen to us.

Bring whistles, loud hailer, drums, pipes, saucepans and loud voices!

Let the Highland people be heard alongside the rest of Scotland.

America's Wind Wise Radio are asking **Alex Salmond** to receive,
at the protest, their petition:

'Stop The Reckless Siting of Wind Turbines in Scotland's Scenic Landscapes'

Please go to their website WindWiseRadio.org and add your name
to the thousands of others that already have
